## Refund and Compensation Policy

The Creative Academy has published a Student Protection Plan which provides the basis for how current and prospective student's studies will be continued in some way with the same quality if a risk to their continued study arises. The Student Protection Plan outlines the types of risks that may occur and explains how the Creative Academy would manage these risks and ensures that there are appropriate arrangements in place to protect students and their studies.

In addition to the Student Protection Plan, Creative Academy has also created a Refund and Compensation Policy. The policy outlines in what circumstances a current student or prospective student can claim a refund on tuition fees and other associated costs if we are not able to offer higher education provision. The Creative Academy will ensure that funds are available through cash reserves should the need arise, however we will always endeavour to keep continuation of provision for each programme and course up to completion.

The Creative Academy will aim to provide students with the ability to continue and complete their studies at Creative Academy, however if this is no longer possible students will be offered refunds and/or compensation.
